10th Grade Visual Art
Due: March 7st 2014**

Project: Zentangle Drawing

Goal: To create an original drawing using Zentangle techniques.

Role and Situation: You will practice creating patterns on a gridded sheet. You will then use some of the patterns you created to create a final drawing.

Audience: Mr. Dunnabeck, Ms. Bachman, and your fellow classmates will view and critique your work during the creation process and during an end of class discussion.

Product, Performance, and Purpose:

- Research patterns and draw your own on a gridded sheet
- Create a final drawing

Evidence of Learning/ Standards for Success-

- Completed gridded sheet
- Completed final drawing
- Grading Rubric
- Short final reflection

Unit Question-

What makes a pattern and a composition complex?
